

FLU VACCINE UPDATE

Flu Vaccine Update - 9/11/09

We have only received a small supply of flu doses and more are expected. We will be giving the flu vaccine at check ups and scheduled flu vaccine clinics as doses are available on a first come first serve basis. The current clinics are completely booked. Unfortunately, supplies are not coming as quickly as expected due to manufacturers effort toward Swine flu vaccine. We have no control over the frequency of shipments. More clinics will be scheduled as soon as the next shipment arrives. There are no available flu vaccine clinics at this time.

The most up to date information is here on this website. Please sign up on our website to receive important information and alerts from Stamford Pediatric Associates.

We anticipate having limited supplies of flu mist nasal vaccine available shortly. There are age and medical restrictions for this vaccine (minimum age 5 years). Therefore, our triage nurse will be evaluating patient's eligibility for the vaccine prior to scheduling an appointment.
