

FLU VACCINE UPDATE

Seasonal Flu Vaccine Update – 12/2/09

Patients and families of Stamford Pediatric Associates,

We have received our final seasonal flu vaccine shipment for this season. The flu vaccine will be given on a first come first serve basis while supplies last.

There will be flu clinics held on the following dates and times:

Stamford Office

Wednesday 12/9, 9:00 am - 4:30 pm

Monday 12/14, 9:00 am - 4:30 pm

Darien Office

Tuesday 12/8, 9:00 am - 4:30 pm

Monday 12/14, 9:00 am - 4:30 pm

Please call to schedule an appointment.

All season, we have had an overwhelming response for all of our Flu Clinic dates. We hope to accommodate as many of you as possible. However, once again, supplies are limited. As soon as we make appointments for the doses we have received, we are **not** receiving any additional seasonal flu vaccine this year.

We cannot guarantee the final shipment will have enough doses for the number of people who request it. We will post an update to the website and send out an alert once all of the doses have been scheduled.

If our supply becomes exhausted and you are unable to get your vaccine here, we encourage you to get your children vaccinated at one of the local hospitals, pharmacies or urgent care centers. Please be aware there is a national shortage of seasonal flu vaccine.
